

## Description

GlassPaint Brush n Roll is an Acrylic Polymer that provides an exceptional adhesion directly onto all types of glass. This single-component DIY glass paint product is fast drying and easy to apply using roller, brush, or spray gun. It has excellent heat resistance making it ideal to use directly behind hobs and ovens in kitchen areas.

## Recommended Substrates

It can be applied directly onto all types of glass, including toughened, float and laminated safety glass.

## Features and Benefits

Excellent Surface Adhesion | UV stable and weather resistant | Excellent scratch resistancy  
Excellent chemical resistancy | Spray, brush or roller application | Brilliant heat resistancy

## Mixing and Application

Available in any colour from our 'Colour Match' software ready to us from the tin. No need to dilute for brush and roller applications. Apply a first light layer, followed by a thicker layer. Once dry lighter colours may require a further coat.

Clean glass thoroughly with CR Glass Cleaner prior to paint.

## Chemical Properties

Density: 1,05 grs/cm<sup>3</sup> ± 0.010 at 20°C  
Colour: Any colour from 'Colour Match'  
Solid contents: 45 % ± 5  
Product viscosity: 243 " ± 15 FORD 4  
Applycation viscosity: 30 " ± 5 FORD 4

Pot life: Infinite  
Gloss: 15° ± 5  
Dry at 20° C: Touch: 20 minutes  
Total: 40 minutes  
Re coat: 1 hour

Unit 17C, Upper Field Road, Sittingbourne, Kent, ME10 3UP UK
